

## REQUEST FOR NEW LIVING SPACE

In order to encourage the development of housing, the City of Auburn will consider providing grants for the construction of new single family housing units that have a minimum of at least 1300 square feet above grade on a previously undeveloped lot or a housing development on lots where dilapidated houses were removed. Nonconforming construction and setbacks will be considered if the variances are conducive to new housing goals. This grant is also available for remodeling living space in second story commercial buildings that have been vacant for at least 5 years. The amount of the grant would be \$10,000 per space. Proposals should be mailed or delivered to City Hall, 1101 "J" Street, Auburn, NE 68305. Proposals will be reviewed by the KAB Committee with their recommendation to be given to the City Council for final approval.

Proposals should include the location of the proposed building site, the sq. footage of the proposed housing structure, a basic floor plan, anticipated construction costs, lot cost and all other information that may be helpful in selecting the project to be funded. Questions can be directed to City Hall, (402) 274-3420.
