## **ATTACHMENT A – Areas of Significance for Local Landmark Designation**

A particular site, structure, or area may be designated for preservation as a landmark or historical district if it has:

- (1) Historical importance or cultural significance, or association with a significant person
  - Historical importance or cultural significance, interest or value as part of the development, history, heritage or culture of the City, state or nation;
  - Associated with the life of a person significant in the past;
  - Site of an historic event, or exemplifies the cultural, political, economic, educational, social or historic heritage of the community;
  
- (2) Architectural and engineering importance
  - Architectural and engineering importance, portraying the historical setting or environment of a distinctive characteristic of an architectural or engineering type, period, style, or method of construction;
  - Work of a resident, builder or designer whose individual work is significant in the development of the City;
  - Contains elements of design, detail, materials or craftsmanship of distinctive quality, or which represents a significant innovation;
  
- (3) Geographic importance
  - Geographic importance, by being a part of or related to a city center, park or other distinctive area, which should be developed or preserved according to a plan based on a historic, cultural or architectural motif;
  - Owing to its unique location or singular physical characteristic, represents an established and familiar visual feature of a neighborhood, community, or the City; or
  
- (4) Archeological importance has yielded or is likely to yield information regarding the history of the area prior to the establishment of the City.
