## DROUGHT CONTINGENCY PLAN UPDATE

November 1, 2024

The Board of Public Works is working diligently to make sure water levels remain stable. We continue to provide data with daily readings on the number of gallons pumped, pumping times, and reservoir levels. This will keep the public informed of current conditions. See the City of Auburn website at <https://auburn.ne.gov> for updates.

### Helpful tips:

- Businesses can do their part by also implementing conservation suggestions in kitchens and restrooms.
- Educate employees on ways to conserve in the business. If pressure washing is a part of your company's operation, minimize or temporarily abstain from this protocol.

If you have questions about the status of any of our activities, please contact the BPW and we are happy to provide you with statistics of rainfall, well levels and daily monitoring of the water pumped. All systems are actively monitored, and data is kept on file permanently. The reservoir holds 1.5 million gallons of water and has not dropped below the normal levels. This is due to the implementation of the plan and the collaboration of the members of the Auburn and Peru communities' reduction in use.

Levels are holding steady thanks to the recent rain. We are hopeful that a good weekend of rain will see levels rise. Usage ranges from a low of 337,799 and tens to hover just over 400,000 total gallons pumped. We can see when usage peaks and are watching to repair leaks and other issues that can cause these numbers to rise. The reservoir has remained stable at 22'. We understand that minimizing usage can be a nuisance but are grateful that community-wide efforts are effective.

Alan Slater  
Water/Wastewater Manager

Pumping well levels are monitored by measuring water levels above the top of screens in the well when the well is running. Normal water levels run 15-20 feet above the screens. The following data shows the amount of water measured above the screens.

	Well 1	Well 2	Well 3	Well 4	Well 5	Well 6	Well 11	Well 13	Well 19	Well 20
10/21/2024	9'	9'	2'	1'	6.5'	5'	5'	16'	2'	1'
10/22/2024	9'	9'	2'	1'	6.5'	5'	5'	16'	2'	1'
10/23/2024	9'	9'	2'	1'	6.5'	5'	5'	16'	2'	1'
